

16 – 19 Tuition Fund

The purpose of this statement is to set out how Turing House Sixth Form will use its 16 – 19 tuition fund allocation to support students who have been academically disadvantaged due to Coronavirus.

What is the 16-19 tuition fund?

The 16-19 tuition fund is an additional, one off allocation of funding from the EFSA for the 2020/21 academic year that is ring fenced for the Sixth Form to mitigate disruption to learning arising from the Covid-19 pandemic.

The funding is being provided to support small group tuition for 16 to 19 year olds whose learning has been disrupted and who did not achieve a Grade 5 or above in GCSE English and Maths. Although targeted students are identified based on their prior attainment in English and Maths, the funding can be used to support students in their learning across additional subjects.

How will Turing House Sixth Form use the funding?

Turing House Sixth Form has committed to utilise the funding to provide additional support to small groups of students that have not yet achieved a Grade 5 in English or Maths. These intervention sessions will take place in addition to the normal timetabled hours. Within this cohort, targeted student intervention will be focused on the following:

- Students who have not yet achieved a Grade 4 in English and/or Maths on a Level 3 pathway
- Students who previously attended Turing House School and did not achieve a Grade 4 in English and/or Maths, who intend to re-sit at Turing House School, on a Level 2 or 3 pathway

Support is being prioritised where students will benefit most from small group tuition, and particular regard is being given to the requirements of disadvantaged students and students with special educational needs and disabilities (SEND).

In addition, funding will also be used to offer support to students whose emotional and mental health was significantly impacted as a result of the pandemic.

16 – 19 Tuition Fund: Summary Information

Total funding allocation:		£1210	
Funding thus far received (Feb 2021):		£604.98	
Distribution of Funds			
Action	Intended Outcome	Evidence and Rationale	Cost
Small group tuition in Mathematics	Retake GCSE Mathematics and achieve a Grade 4	In line with funding intention and supports students in achieving most important core academic outcome	£360
Small group tuition in English Language	Retake GCSE English and achieve a Grade 4	In line with funding intention and supports students in achieving most important core academic outcome	£360
Individual mentoring of SEN/EHCP student, supporting transition to mainstream schooling and KS5	Continued engagement throughout the course and Achieve target grade in full suite of A Level subjects	In line with funding intention, supporting students with special educational needs in achieving success in their current courses	£240
Additional careers, advice and guidance support	Achieve target grade in all A Level subjects	In line with funding intention and supports students in achieving success in their current courses with clear HE/career pathway mapped out	£80
Individual tuition in academic writing skills	Achieve target grade in all A Level subjects	In line with funding intention and supports students in achieving success in their current courses	£170

This statement is in line with the Government guidance and we have published this statement to demonstrate how this additional funding will be utilised in the academic year 2020/21. This document may be updated to reflect any changes in ESFA guidance.
